CONSTITUTIONAL AMENDMENT.

At a meeting of the legal voters of the Town of Milford, held in the Town Hall in said Milford on Monday, October 2, 1905, at 6 o'clock in the forenoon of said day, for the purpose of considering certain proposed amendments to the Constitution of this State and signifying by ballot their approval or disapproval of the same. Pursuant to warning duly given, the ballots for and against said proposed amendments were counted with the following results.

Constitutional Amendment No. 1, concerning the election of Selectmen and such officers of local police as the laws may prescribe:

The whole number of ballots cast	104
Number of ballots in favor.....	57
Number of ballots against.....	47

Constitutional Amendment No. 2, concerning the use of voting machines:

The whole number of ballots cast	131
Number of ballots in favor.....	88
Number of ballots against.....	43

Attest:

RICHARD R. HEPBURN,

Town Clerk.

ADJOURNED ANNUAL TOWN MEETING.

Pursuant to adjournment the legal voters of the town assembled in the Town Hall on Monday evening, October 9, 1905, at 7:30 o'clock, for the completion of the unfinished business.

CHARLES A. TOMLINSON, CHAIRMAN.

ROGER S. BALDWIN, CLERK PRO TEMPORE.

Voted, That the Selectmen are hereby authorized to draw their order on the Town Treasurer for the sum of two hundred and fifty (\$250) dollars in favor of the Treasurer of the Taylor Library, for the purpose of replacing books that are worn out.

Voted, That the Treasurer's Report be accepted to the foot of page 72 in the Town Report.

Voted, That the order for five thousand (\$5,000) dollars drawn by the Selectmen in favor of the Special School Building Fund be added to the fifteen thousand (\$15,086.91) eighty-six dollars and ninety-one cents, reported in the Treasurer's Account, so that the amount of said fund shall read twenty thousand (\$20,086.91) eighty-six dollars and ninety-one cents.

Voted, That the Treasurer's Report, as amended, be accepted.

Voted, That the Tax Collector's Report be accepted and ordered on record.

Voted, That the care of the highways, bridges, railings, drains, walks and sewers for the ensuing year be left in the hands of the Selectmen.

Voted, That the sum of six thousand (\$6,000) dollars be appropriated for the care of the highways, bridges and sluices for the ensuing year.

Voted, That the Selectmen be authorized to cut the brush on the highways, as per statute.

Voted, That the sum of three thousand (\$3,000) dollars be and the same is hereby appropriated from the taxes payable June 1, 1906, said sum to be added to the Special School Building Fund.

Voted, That the sum of two hundred and fifty (\$250) dollars be appropriated for the care of the Milford Cemetery for the ensuing year; and that the care of the Milford Cemetery be left in the hands of the Milford Cemetery Association with the power to appoint a sexton for the same.

Voted, That the Selectmen are hereby authorized and directed to draw their order in favor of Charlotte A. Nettleton for the sum of three hundred (\$300) dollars to pay for a right of way from Prospect street into the Milford Cemetery for cemetery purposes, over the land of said Charlotte A. Nettleton; said right of way to be not less than twenty-five (25) feet in width.

Voted, That the sum of five thousand (\$5,000) dollars be appropriated for street lighting for the ensuing year, and that the entire matter be left with the Selectmen to arrange to the best advantage.

Voted, That a sum not to exceed five hundred (\$500) dollars be appropriated for the straightening and widening of the highway at Walnut Beach, known as Broadway, according to the map and survey made by direction of the Selectmen.

Voted, That the Selectmen be instructed to furnish five hundred (500) feet fire hose and a carriage to carry the same for use at Walnut Beach and Meadows End.

Voted, That no person shall take or carry away in any one calendar day more than two bushels of oysters from that part of Indian River known as Gulf Pond, nor from the Wepowage River, and no oysters shall be taken from the Gulf Pond nor from the Wepowage River between the first day of May and the first day of October. Any person convicted of violating this by-law may be fined not to exceed ten (\$10) dollars.

Voted, That this by-law shall take effect from the first day of December next, and that the Selectmen shall cause to be published a notice of the vote, according to Section 1916, Chapter 121 of the General Statutes, Revision of 1902, and also shall post notices at the Gulf, according to their discretion

Voted, That the Selectmen be appointed an Oyster Committee to see to the enforcement of this by-law.

Voted, That the care of the public parks be left in charge of the Selectmen.

Voted, That the Tax Collector receive the sum of four hundred and fifty (\$450) dollars for his services for the ensuing year, the same to be paid to him pro rata as he collects and no final settlement to be made with him by the Selectmen until the sums in the rate book shall have been collected or the same shall have been abated.

Voted, That the Town Treasurer receive the sum of three hundred (\$300) dollars as salary for services for the ensuing year.

Voted, That the sum of nine hundred (\$900) dollars be paid the First Selectman and Town Agent and that the sum of two hundred (\$200) dollars be paid to each of the other Selectmen as salary for services to be rendered the town for the ensuing year.

Voted, That the sum of five hundred (\$500) dollars be appropriated for concrete walks, to be expended within the limits of the town, under the direction and control of the Selectmen, on the same conditions as heretofore.

Voted, That the sum of fifty (\$50) dollars be appropriated for the care of St. Mary's Cemetery for the ensuing year; the same to be mowed at least four times.

Voted, That the sum of seventy-five (\$75) dollars be appropriated for Memorial Day.

Voted, That the Selectmen are hereby directed to keep the expenses of the town within its income, and that the appropriations be cut pro rata if it is necessary to do so.

Voted, That the present Board of Assessors and the present Board of Relief be instructed to assess all taxable property at 100 per cent. valuation, according to the State law and that said Board of Assessors and said Board of Relief be instructed to take the re-assessment of 1900 as the basis of valuation.

Voted, That a tax of nine (9) mills on the dollar be and the same is hereby laid upon the Grand List of 1905, said tax to be due and payable June 1, 1906.

Voted, That the Collector of Taxes be and he hereby is ordered and directed to use all proper legal means to collect all taxes due the Town of Milford up to and including those due in the year 1903, and to use diligence in such collection and report to the next Annual Town Meeting.

Voted, That the sum of three hundred (\$300) dollars left to the Town of Milford by the late William E. Downes for the care of lot in Milford Cemetery be transferred to the Trustees of the Milford Cemetery Association as a trust fund under the following conditions: That the Town of Milford in the County of New Haven and the State of Connecticut, in consideration of the obligation hereafter assumed by the grantee, hereby gives and bequeaths to the Milford Cemetery Association, a corporation organized under a charter granted by the General Assembly of the State of Connecticut, and located in the Town of Milford and County of New Haven, State of Connecticut, the sum of three hundred (\$300) dollars for its sole use forever, to have and to hold the same in trust, in order to obtain an income therefrom, to invest the same from time to time in their discretion agreeable to the regulations and provisions of the charter of the said Milford Cemetery Association, and apply the income or interest thereof from time to time for the following purposes.

First: To keep forever in good and suitable repair and preservation lot

now standing in the name of
situated in said cemetery.

Second: In case there is any surplus accruing from the aforesaid income, then all such excess or surplus may be employed and used by said Association from time to time, in the ornamentation, beautifying and preserving the grounds and monuments of said cemetery; or to any or all purposes to which by the act of incorporation the funds of said association may be lawfully applied.

Third: The consideration of this gift and donation in the undertaking of said Milford Cemetery Association, acting under the power conferred by its charter, to keep forever and in good and suitable condition and preservation, the lot mentioned in this conveyance, and it is further provided that said Association and its officers, agents, shall never be responsible for their conduct in the premises except for good faith and such reasonable diligence as may be required of mere gratuitous agents.

Voted, That the petition of W. L. Barber and others, praying for the macadamizing of Lafayette avenue and Rogers avenue, be left in the hands of the Selectmen.

Voted, That the petition of Perry & Perry and others, praying for the macadamizing of Wharf street, be left in the hands of the Selectmen.

Voted, To adjourn *sine die*.

Attest:

ROGER S. BALDWIN,

Town Clerk, pro tempore.

SPECIAL TOWN MEETING, DEC. 22, 1905.

The legal voters of the town assembled in the Town Hall on Friday evening, December 22, 1905, at 7:30 o'clock, for the consideration of the matters mentioned in the call. The meeting was called to order by Selectman Elbert L. Ford, and on motion Mr. Omar W. Platt was chosen to act as chairman of the meeting.

The warning for the meeting was read by the Clerk.

The Special Committee, consisting of the First Selectman and Town School Committee, appointed to investigate the matter of site and plans for a new brick school building and estimates of cost, submitted a report which is as follows:

Your Special Committee appointed at a Special Town Meeting held on the first day of February, 1905, to secure plans and estimates for a new central school building hereby report as follows:

That the said committee met and organized by the election of Elbert L. Ford as chairman and David E. Smith as secretary. Mr. Smith having since ceased to be a member of the committee Mr. C. A. Tomlinson, who has served as Secretary of the Board of Education for many years, was chosen instead. Said Special Committee realizing the impossibility of providing plans and estimates until some idea had been obtained as to a proper and desirable location of said building, appointed a sub-committee consisting of Mr. E. L. Ford, Mr. William B. Brotherton and Mr. George William Smith to take up and investigate the subject of a proper site for a new central school building, ascertain prices and report to the main committee.

Your Special Committee met on Monday evening the 18th day of December, 1905, and heard the report of said sub-committee; said sub-committee reported that they had ascertained that the Train property, opposite the present central school, could be purchased for four thousand (\$4,000) dollars and secured an option upon said property at that figure from the agent of said premises, Mr. Richard R. Hepburn. Said Train property has a frontage of one hundred feet and a depth of 596 1-2 feet. Said sub-committee also re-

ported that the adjoining property on the south, formerly owned by Hezekiah Beardsley, having a frontage of one hundred and thirty-five feet, more or less, and a depth of 457 feet, could be purchased for the sum of nine thousand and five hundred (\$9,500) dollars. The first asking figures for the property on the part of the owner being eleven thousand (\$11,000) dollars and said property being assessed upon your tax list for five thousand (\$5,000) dollars.

Said sub-committee reported that they had considered the matter faithfully; had investigated various sites and prices connected with the same and had reached the conclusion that the two pieces of property before mentioned to wit: the Train property and the Beardsley property, constitute the most available and desirable site, all things considered, for the location of the new Central School Building.

Your Special Committee took this report of their sub-committee under consideration, discussed it in all its bearings and reached unanimously the following conclusions:

First. That the two properties in question together constitute the best available site for a new central school building.

Second. That the price named for the Train property was a reasonable price.

Third. That the price named for the Beardsley property was more than said property is worth: which conclusion is concurred in by all members of the sub-committee.

The committee recommend the perfecting of the option of the Train property; the obtaining of the Beardsley property at a reasonable figure: either by further negotiation or by due process of law if necessary.

Your committee recommend unanimously the following vote:

ELBERT L. FORD, *Chairman*.
C. A. TOMLINSON, *Secretary*.

The foregoing report of the committee was accepted and ordered on record.

After a full discussion of the matters contained in the foregoing report the following vote was passed:

Voted, That the Special Committee consisting of the First Selectman and the Board of Education, appointed at a Special Town Meeting held February 1st, 1905, to secure plans and estimates for a new Central School Building, be and they are hereby authorized to acquire for and in the name of the Town of Milford, as a site for a new Central School Building, the two pieces of real estate known as the Train property and Beardsley property, opposite the present school building; and they are hereby further authorized and di-

rected to pay for said Train real estate a sum not to exceed four thousand (\$4,000) dollars.

And they are hereby further authorized and directed to purchase at a price deemed by said committee to be reasonable the property known as the Beardsley real estate, extending southerly from the Train property to the property now occupied by Mr. G. Frank Smith; and if unable to purchase said Beardsley real estate at such reasonable figure, the said committee are hereby authorized and directed to take the necessary legal steps to obtain the title to said property in behalf of the Town of Milford.

And said Special Committee are hereby authorized and directed to draw their orders on the Town Treasurer for an amount sufficient to pay all necessary expenditures in connection with the acquiring of the aforesaid Train and Beardsley properties; the same to be paid out of the Special School Fund, and the Town Treasurer is hereby authorized and directed to pay the orders so drawn out of said fund.

Votes: In favor, 73. Opposed, 1

Voted, That the Selectmen be authorized and directed to lay out the highway at Woodmont through the property of Hardy L. Merwin and others, petitioned for in the call.

Voted, That the Selectmen be and they are hereby authorized to get the best possible terms that can be secured from the Milford Water Company for a contract to supply the watering troughs, public school, library, engine house, Town Clerk's Office and report at a future town meeting.

Voted, To adjourn *sine die*.

RICHARD R. HEPBURN,
Town Clerk.

SPECIAL TOWN MEETING, APRIL 30, 1906.

The legal voters of the town assembled in the Town Hall on Monday evening, April 30, 1906.

Meeting was called to order by Selectman Elbert L. Ford

On motion Mr. Omar W. Platt was elected Chairman

Warning was read by Richard R. Hepburn, Clerk.

Voted, That the layout of the highway at Walnut Beach and Meadows End made by the Selectmen in accordance with the vote passed at the Adjourned Special Town Meeting, February 1st, 1905, be and the same is hereby accepted and approved, and

Voted, That the sum of \$1,500 be and the same is hereby appropriated for the payment of all damages sustained by the owners of the land taken for said highway.

Voted, That the offer of the Milford Water Company, dated January 13th, 1906, to furnish water for use in the watering troughs, the library, the Town Clerk's Office, the Central School and the fire engine house be and the same is hereby accepted, and

Voted, That the Selectmen be and they are hereby authorized to make a contract with said Milford Water Company in accordance with the terms of said offer.

The above resolutions were passed without dissent, after some discussion.

Voted To adjourn sine die.

RICHARD R. HEPBURN,
Town Clerk.

SELECTMEN'S REPORT

The undersigned Selectmen of the Town of Milford, Conn., in compliance with the Statute, have adjusted and settled the accounts against the town, and herewith present an exhibit of the same, and the total amount of orders drawn on the Town Treasurer for the payment of the same from October 4, 1905 to September 15, 1906.

REPORT OF THE BOARD OF EDUCATION FOR THE YEAR ENDING SEPTEMBER 15, 1906.

SUPERVISING PRINCIPAL'S REPORT.

Gentlemen :

The following report of the condition of our schools for the year ending June 22, 1906, is hereby presented for your consideration.

The work has proceeded without interruption and we believe that satisfactory progress has been made.

All of our teachers have manifested their usual faithfulness and fidelity to the task of fitting their pupils for the work of the succeeding grades, and the number from each room who have proven their qualifications for promotion has been gratifying.

It is our custom to give written tests, or examinations, at the close of each term upon the work accomplished during the term, a careful record of which is kept, especially in the higher grades and in the High School, and this record forms one of the important elements in consideration for promotion.

I am aware that there are some objections to written examinations, and I am sure that all teachers would be glad to be relieved of the work incident thereto, but I believe that pupils who have been under a teacher's instruction for a term, and who are familiar with her method of teaching the various subjects, should be able to write satisfactory answers to reasonable questions.

Occasionally promotions are made which cannot be justified upon the theory here presented, but such cases are exceptional, and the reasons therefore can be easily explained.

ATTENDANCE.

I have nothing new to impart upon this subject. The conditions have been normal during the year, no unusual amount of sickness or other disturbing cause having been experienced. A perusal of the table appended will show how far

short of perfect the record has been. I commend this table to the careful perusal of parents. With them, largely, rests the remedy.

COURSE OF STUDY.

I recommend that our course of study for the Grades, and also for this High School, be revised in such manner as to bring it up to date, and that the same be printed. Our High School course is already in print, but some changes, with which you are familiar, have been made since it was drawn up. The course for the Grades has never been printed.

With your approval I shall attend to this work, and have the same printed for the assistance of our teachers, and for the information of the public.

I hope the time is not far distant when we can add a course in Short-hand and Typewriting to our curriculum. This would give us two well defined courses in the High School, viz. Commercial and Scientific.

In order to refresh the minds of those who may have forgotten, and for the information of others, I will state that we now have a well-defined course of three years in our High School, which compares favorably with other high school courses.

Our pupils are prepared to take two-thirds of the required preliminary examinations for entrance to the Sheffield Scientific School, immediately upon completing our course.

RE-ARRANGEMENT OF WORK.

It may be well to allude to this matter now, although present conditions are not favorable for its accomplishment.

Our Eighth Grade should be in a separate room, and in charge of a teacher who can devote her entire time to it. The promotions last June made it apparent that the capacity of the High School Department is not sufficient to accommodate all the pupils of the Eighth Grade.

The proposed arrangement would make it possible to reorganize the High School and extend the work still further if desired, while it would at the same time give the Principal needed time for details of general management, and supervision of class work.

An extra Primary room should be opened, thus relieving the present Kindergarten-Primary Department, and making it possible for all pupils to enjoy a full day's session of school.

In all our departments there are more pupils than can be seated, and relief is greatly needed.

The desired changes cannot well be made until our new building becomes a reality, unless it should be deemed advisable to fit up rooms for the purpose in one of the buildings on the newly acquired property, for school purposes.

MUSIC AND DRAWING.

The reports of the special teachers in these subjects are included as a part of this report, as follows:

REPORT OF THE SUPERVISOR OF MUSIC FOR THE YEAR 1905-6.

During the past year the new edition of the "Educational Music Course" has been introduced in all the grades as far as the eighth, and this fall I expect to use the new edition only.

This means a better book in every way—more attractive to the pupils, more advanced music, and a slight raise of all the grades.

Beginning with the Fourth Grade the manuscript copy book work in dictation, transposition and study of the keys has been much more complete, and has prepared the way for composition, which is to be taken up this fall, as well as the lives of some of the noted composers.

The Woodmont School has come under my supervision the past year and is doing good work.

R. B. LYON,

Supervisor of Music.

REPORT OF SUPERVISOR OF DRAWING FOR THE YEAR 1905-6.

The drawing in the Milford and the Woodmont Schools has greatly improved during the past year.

A definite plan of work was adopted in September, and through the co-operation of the teachers and the pupils it has been very successful. The progress has been steady and systematic.

In the Primary Grades we began by drawing lines and forms, and then applied these lessons to the drawing of objects in nature. The orange was used to illustrate the sphere; the lemon, the ellipse. We also took up the first rules of out-of-door sketching.

In the Intermediate Grades, we supplemented the Primary work with pose drawing and pen and ink work. We also learned to group objects, and to draw them as we see them in different positions, putting in the light and shade.

The work in the Grammar Grades and High School was still more advanced. We practised out-of-town sketching in order to get far and near perspective and fore-shortening. We studied letter composition, decoration, designing and building plans.

In June we had an exhibition of the year's work and a drawing demon-

stration in the Town Hall.

MEDORA H. BEARDSLEY,

Supervisor of Drawing.

TEACHERS.

No changes were made in the roster of teachers during the year. Reference to the faithful and efficient work of the entire corps has already been made.

For the coming year but one change has been made, viz. in the Wheeler's Farms Auxiliary, from which Miss Edith A. Nettleton has resigned in order to take a course at the New-Haven Normal School. She will be succeeded by Miss Hubbard of Woodmont, who has had some Normal training and is a teacher of experience. The roster for 1906-7 is as follows:

H. I. Mathewson, Supervising Principal.
Elsie W. Bates, Assistant Principal,
Lillian Holbrooke, Eighth and A Grades.
Martha H. Clarke, Seventh Grade.
Edna L. Gunn, Sixth Grade.
Eleanor M. Norris, Fifth Grade.
Carrie S. Tibbals, Fourth Grade.
Mary L. Clark, Third Grade.
Josephine E. Gardner, Second Grade.
Mame E. Woods, First Grade.
Bertha L. Coy, Kindergarten.
Richard B. Lyon, Special Music Teacher.
Medora H. Beardsley, Special Drawing Teacher.
Nellie S. Beard, West Auxiliary,
Fannie E. Beach, Woodmont Auxiliary.
Minnie V. Hubbard, Wheeler's Farms Auxiliary.

GRADUATION.

The usual graduating exercises from the High School Department were held in the Town Hall at the close of the year, when nine pupils received diplomas, as follows:

GRADUATES OF THE CLASS OF 1906.

Helen Crone.
Caroline May Dumraese.
Annie Hemming Lewis.
Edith Isabel Noyes.
Muriel Gurden Totten.
Andrew Wilson Brown.
Frank Alston Burwell.

SCHOOL REPORT.

Respectfully submitted,

H. I. MATHEWSON,

Supervising Principal.

REPORT OF THE ACTING SCHOOL VISITORS, MILFORD, CONN.

The foregoing very full report of our worthy Principal renders it unnecessary to do more than endorse it, and to call attention to some suggestions contained therein.

First. It discloses the congested condition that prevails. In the Central School, at the beginning of the fall term, five hundred children (in round numbers) were crowded into nine rather small rooms, an average of fifty-five to each room. This overcrowding has for some time attracted the attention and caused anxiety to the patrons of the school, and the subject was agitated and discussed until a town meeting was called and a committee was appointed with instructions to purchase a site for a new school building. Carrying out these instructions your committee have bought the land, paying for it with funds that had been previously appropriated for the purpose. Since that time your committee have been investigating the subject of school buildings and have visited in other towns some that have been recently built to get new ideas and also information regarding cost, etc., so that when required will doubtless be able to furnish plans for a building that will be sanitary in construction and be equipped with the modern improved and approved methods of heating and ventilation, and of sufficient size to meet the requirements of the school for some time to come, and also to be a model of architectural beauty of design that when completed will be a credit to the town—a building that will attract the attention of the large number of strangers that are constantly passing through. A town is usually judged (and rightly so) by the kind of school buildings that it maintains.

All this will of course require a considerable outlay, but it should be remembered that this heavy expense is not likely to be necessary again for many years to come. Neither is it expected or desirable that we should pay for it all at once, but rather give those that come after us the privilege and the pleasure of participating in the good work, and which they will gladly do, as it is for their benefit as much as it is for their benefit as much as for our own.

While decidedly opposed to any extravagance we think it is a work that is worth doing well, and if retrenchment and economy is necessary let it be along other lines than that of school buildings.

That a good school is a great inducement to people to settle in a town all

will admit. It also adds considerably to the value of the taxable property.

This matter has been discussed in previous reports, and we leave it for such action as good judgment may dictate.

The general health of the school has been good the past year, due in a measure to the care taken by those in charge in regulating the heat supply and in attending to and securing such ventilation as our facilities afford.

Following is the amount of receipts and expenses during the year, a detailed account of which may be found in the Selectman's Report:

RECEIPTS.

From the State.....	~~\$1,035.00~~	\$ 1,935.00
Interest on Deposit Fund.....	5.66	5.65
Town Appropriation.....	~~6,308.34~~	\$ 6,398.34
	~~\$8,330.02~~	\$ 8,339.02

EXPENSES.

Teachers' Salaries.....	\$6,575 00
Incidental Expenses	1,764 02
	~~\$8,330.02~~ \$ 8,339.02

Respectfully submitted,

N. E. SMITH,

C. A. L. TOTTEN,

Acting Visitors,

REPORT OF THE TAYLOR LIBRARY.

To the Town of Milford:

I herewith submit the 12th annual report of the Taylor Library, being for the year ending September 1, 1906.

Since my last report the Library has received from the Town the sum of \$1,250. This sum includes a special appropriation of \$250 made at the last Annual Town Meeting for the purpose of supplying funds to rebind and replace books which have become worn in use.

Many of our books have been in the library for several years and we find that we are under quite an expense to rebind these books or to replace books that have become worn out. I respectfully ask the Town this year to renew your special appropriation of \$250, the money to be used in rebinding and purchasing books for those that are worn out.

The Library has received a gift during the year from the estate of the late Mrs. Jason Bristol of the sum of \$50. It has also received \$72.68 of money collected by the Librarian for fines, making a total income to the Library of \$1,372.68.

The expenses of the Library for the past year were \$1,334.43, leaving a balance in the hands of the Treasurer of \$70.27.

During the year there have been issued 104 new cards, making a total number of cards issued since the Library has been in operation, 2,420.

During the past year the Library has received 242 books and 56 pamphlets.

There have been drawn during the year 31,749 books. The circulation of your library since the year 1899 has been as follows:

1900.....	32,702
1901.....	33,836
1902... ..	33,088
1903.....	31,618
1904.....	30,157
1905.....	31,720
1906.....	31,749

making an average of books drawn each year of 32,124 2-7.

The entrance to the Library is quite dark in the evening and it would be a public convenience and benefit if the town would place a lamp near the sidewalk in front of the Library building.

Wallace S. Chase has been librarian and janitor for the past year and I hereby submit the report of the Treasurer of the Library and the report of the Librarian.

Respectfully submitted,

W. B. STODDARD,

President.

W. Cecil Durand, Treasurer Taylor Library.

Respectfully submitted,

W. CECIL DURAND,

Treasurer Taylor Library.

MILFORD, Conn., Sept. 10, 1906.

To the President and Incorporators of the Taylor Library.

Gentlemen:

In presenting this my 12th annual report for your consideration it is with a feeling that our library work has not been in vain and we are assured that the library is a fixture.

We have issued 104 new cards during the year, making a total of 2,420 since the library opened. Fines to the amount of \$72.68 have been collected and paid over to the Treasurer. 248 books and 56 pamphlets have been received from the following sources: State, 125 vols.; Government, 73 vols.; Mrs. Mary A. Hepburn Smith, 14 vols.; Mrs. Geo. M. Gunn, 10 vols.; Mrs. Susie Barker, 12 vols.; Mr. Percival Pollard, 9 vols.; Miss Mary L. Clark, 8 vols.; Dr. E. Beach, 4 vols.; Mrs. William B. Stoddard, 5 vols.; Mr. E. B. Hyatt, 3 vols.; Dr. Walker, 3 vols.; Mrs. N. G. Pond, 4 vols.; Mrs. Antonette Hall-Taylor, 4 vols.; Mrs. N. M. Pond, 2 vols.; Mr. Richard Hepburn, 2 vols.; Miss Jennie Parmelee, 2 vols.; Mrs. George W. Tibbals, Mrs. S. N. Bassett, Mrs. H. I. Parsons and Howard Merle, 1 vol. each and 15 volumes by purchase. We have received from Mrs. George M. Gunn, Miss Josie E. Beach, Mr. Arthur R. Downs and Mr. S. E. Frisbee magazines each month with scattering numbers from different individuals, also from the publishers the Leader, the Journal and Courier, the Morning Telegram and the Milford Citizen, together with several publications through the year from unknown donors, all of which have our thanks for their kindness.

Our circulation for the year past has been as follows:

September	2,672	December.....	2,548	March.....	2,703
October.....	2,551	January.....	2,530	April.....	2,409
November.....	2,639	February.....	2,351	May.....	2,565
June	2,733	July.....	2,814	August	3,234
		Total	31,749.		

We have kept pace with the years gone before and have made some advancement the past year; a far greater number have consulted books of reference than any previous year, especially the schoolchildren.

Our reading room is still a busy place, scarcely empty from 8 o'clock in the morning until 9 o'clock at night. Many strangers avail themselves of the opportunity to use the room. A year ago a suggestion was made that we have more light at the entrance to the Library, but nothing has been done as yet and it is still a very dark place.

Respectfully submitted,

W. S. CHASE,

Librarian.

HEALTH OFFICERS REPORT.

I respectfully submit the following, as my report for the year ending September 1, 1906.

The general health has been very good with no marked epidemics.

Two cases of Measles were reported, in the same family, both primary; they were both contracted in an adjacent city.

Six cases of Scarlet Fever were reported; all of a mild type; five cases were primary; the source of contagion not known.

One case of Diphtheria was reported; as this occurred several months before my appointment, I know nothing about its origin, severity etc.

Three cases of Typhoid Fever were reported; in two the source of contagion was unknown; in the other cases suspicion pointed to the well water, which was examined by Prof. Conn of the Conn. Bacteriological Laboratory while direct results were not obtained, the water was found to be suspicious and as a safe guard the well was ordered closed.

Four cases of Tuberculosis were reported; three dying therefrom, the other dying from other causes; one of the cases was that of a patient brought from New York only about ten days before death.

The efforts made in this town to restrict Tuberculosis, consists of careful sanitary care of the patient and a thorough disinfecting of the premises after death.

I have had twenty five complaints of nuisances and have examined the same; twenty two have been abated. some without having to serve official notice; one has been partially abated and is now in the hands of the County Health Officer for further action; one I found to be no cause of complaint, and one case, while undoubtedly a nuisance, I found that the State Laws gave me no power to act.

There has been no change in the method of the disposal of the garbage.

No public provision is made for the care of contagious cases.

I have examined the school buildings and find them clean and sanitary; the buildings and closets are in as good a condition as their age, construction and character will permit; we hope in the near future, to have a modern school building with all modern conveniences and appliances.

I would recommend that the outer doors of the High School building be altered so as to open outward, as in the present condition, a panic from any cause, might cause a blockade in the halls, and result in injuries or loss of life.

Of the other public buildings, such as the Town Hall and churches, I made no special examination, but know they are kept clean and sanitary.

The water supply is two fold, wells and reservoir water; wells on the outskirts of the town, the reservoir water is being gradually and generally introduced, superceeding the wells.

The Ice supply was meagre; I examined three ponds, the main source of supply, and found them removed from chance of contagion.

I have no personal knowledge of the milk supply.

The system of drainage and non public sewerage remains as before.

Altogether the town is in a very clean condition and free from conditions favorable to the developement of disease.

W. S. PUTNEY, M. D.

REPORT OF THE CEMETERY ASSOCIATION.

Incorporated under an Act of the General Assembly passed at its January session in the year 1901.

INFORMATION RESPECTING THE ASSOCIATION.

This Association has for its principal objects the care, improvement and enlargement of the grounds of the Milford Cemetery.

The Officers consist of—

President— Charles A. Tomlinson.

Secretary—Richard R. Hepburn.

Treasurer—Charles A. Smith.

Seven Directors—

Charles A. Tomlinson.

Charles A. Smith.

Elbert L. Ford.

Theodore Thompson.

W. Cecil Durand.

Henry C. Peck.

Eldridge L. Cornwall.

Three Trustees—

W. Cecil Durand.

Eldridge L. Cornwall.

Henry C. Peck.

Two Auditors—

David L. Clarke.

William B. Brotherton.

The Association is authorized to receive and care for any funds that may be given in trust, either by will or otherwise, by any persons from time to time for the purpose of providing for the perpetual care and improvement of private lots or for the general care and improvement of the Cemetery.

The Board of Directors have entire control and management of the affairs of the Association. By authority of the Directors a survey and map of the grounds of the entire Cemetery has been made and filed with the Association.

The Trust Funds are placed in the care of the Trustees to invest and re-invest the same. They are required to pay over all income derived from said investments to the Treasurer of the Association.

Since the last Annual Report was published the Association has acquired the tital to a trace of land about 250 feet in width and 400 feet in depth, from which a large number of lots are offered for sale.

A right of Way 25 feet in width extending from Prospect Street to the Cemetery has been secured, on one side of which, a concrete walk has been laid.

Of the grave stones, some 75 or more have been reset and placed in an upright position.

The reports of the officers submitted and accepted in June last show that the receipts from sale of Lots, Rents and Interest, for the year ending June 1st amounted to \$366.42. In addition to this there was received from the town of Milford an appropriation of \$185.00; also a Bequest of \$100.00 from the Estate Ellen Maria Prince for care of lot, making the total receipts \$651.42.

The following is a copy of the reports of the Treasurer and Trustees of the Association, as submitted and approved at the annual Meeting held June 4, 1906.

REPORT OF THE TREASURER OF THE CEMETERY ASSOCIATION.

REPORT OF SPECIAL COMMITTEE ON CENTRAL SCHOOL BUILDING.

At a town meeting held on February 1, 1905, the Town School Committee and the First Selectman were appointed a Special Committee on New Central School Building. The committee herewith submit the following report of their doings to Sept. 15, 1906.

At the first meeting of this committee for the organization, Mr. E. L. Ford was elected chairman and Mr. D. E. Smith, secretary. Owing to subsequent changes in the Town School Committee, Mr. Smith was replaced by Mr. C. A. Tomlinson as secretary.

The committee held a number of meetings, one of which, April 17, 1905, was open to the public, for the consideration of the question of site for the new school building. The outcome of these various meetings was the purchase for the town of the property opposite the present school building, known as the Train and Beardsley places. The former has a frontage of 100 feet on River street and a depth of 596½ feet; the price paid was \$4,000. The latter has a frontage on the same street of 135 feet and a depth of 457 feet; the price paid for this property was \$7,750. It is the opinion of the committee, after an exhaustive examination of the subject, that these two properties will furnish a site for a new building unsurpassed by any which could be secured for the purpose.

The committee has given the subject of a new building a great deal of thought and consideration, and at a meeting held March 26 appointed a sub-committee to examine schools in this vicinity and report the best possible plan for Milford's new school building. The sub-committee have practically completed their work and will shortly present to the full committee a report embodying their ideas of a suitable building, based upon their consideration of the subject, and their observation and examination of other buildings, notably those recently constructed in Waterbury.

The over-crowded condition of our present school facilities makes an immediate change imperative for the welfare of the five hundred scholars at pres-

ent enrolled. The committee recognize this and are prepared to hasten the preliminary work as rapidly as is consistent with the best results, in the hope that ground may be broken for the new building during the coming spring.

Respectfully submitted,

ELBERT L. FORD,

Chairman.

C. A. TOMLINSON,

Secretary.

CERTIFICATE.

We, the undersigned, Auditors of the Town of Milford, hereby certify that we have examined the accounts of the Selectmen, Town Treasurer, Treasurer of School Fund, Treasurer of Town Deposit Fund and Tax Collector, relating to the receipts and expenditures of the town money for the fiscal year ending September 20, 1906, and find them correct.

Dated at Milford this 21st day of September, 1906.

ERNEST WITTERWELL,
HENRY C. C. MILES,

Auditors.

STATE OF CONNECTICUT, }
County of New-Haven, } ss. Milford, September, 1906.

Personally appeared Elbert L. Ford, A. Clark Platt and Frank T. Munson, Selectmen of the Town of Milford, and made oath that the orders drawn and disbursements made as contained in the foregoing report, are true and correct, before me this twenty-second day of September, 1906.

RICHARD R. HEPBURN,
Notary Public.
